Hello Gang.....It's a new year!!!

What things did you think of last year that you wish you had gotten done? If you are like me...lotssss!!!! I never seem to think of restyling my wig or checking the condition of brushes or tricks until I'm gearing up for a

show. I hope to find time to do these things ahead of time before I get that call for a job.

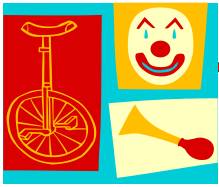

Also this year I'd like to sort through all my clown stuff, figure out what I really use, what I think I'd really like to try and what I should just pass along. I'm also trying to find that quick lite auguste face that I can do and feel like I haven't compromised the integrity of my character.

Maybe you get calls to face paint or do balloons and haven't mastered one or both of them yet. Seek out a Joey to come along beside you and help you out. That's what the alley is for....to learn new skills, to perfect what you know and to share with others who are learning.

What do you want from the alley in 2011? What would you like to see done? Who would you like to see? Let the board know so that we can provide the things you care about. Do you have something you'd like to share with the group? We want to learn from you, let us know!

So, what do you want from the year 2011 when it comes to your clowning ...and what can you do about it?
